Live Crowdfunding Event for Homelessness

14 November, 5.30 pm - 8.30 pm

U City (Level 1, 43 Franklin Street, Adelaide)

In just two weeks' time – on November 14 – we'll be coming together to make history, with Adelaide's very first live crowdfunding event for homelessness! We'd love for you to be a part of this milestone event.

The Funding Network is partnering with the Don Dunstan Foundation to host this exciting event and we want you to experience this high-energy, feel good evening of storytelling and live crowdfunding.

Three presenters will have six minutes to present their innovative ideas and raise vital

funds from an audience of 200 potential donors. The event is set to be an inspiring night of story-telling and collective giving, with a special focus on breaking the cycle of homelessness.

We'll hear from Sarah Gun (CEO, [The GOGO Foundation](#)), Tim Graham (Executive Director, [JusticeNet SA](#)), and Melanie Tate (CEO and Founder, [Puddle Jumpers](#)).

Dr Nonie Brennan, who drastically reduced homelessness in Chicago, Illinois, returns to Adelaide as our next Thinker in Residence next week.

Under Dr Brennan's leadership, Chicago homelessness was reduced by 25 per cent since 2015, with an impressive 10,000 people housed in two years!

Dr Brennan will use her visit as an opportunity to review the progress made on the **Adelaide Zero Project** and build upon the [Report Recommendations](#), produced during her last visit to Adelaide, with Dame Louise Casey, in September 2018.

You have the opportunity to meet and learn from Dr Brennan at one of three public events, which we would love you to join us for. In addition to these masterclasses, Dr Brennan will meet with a wide range of government and non-government homelessness sector participants, participating in site visits, meetings and one-on-one discussions.
